WISEACRE

Place the words clock-wise into the 8 spaces around each numbered square.

This puzzle is great for exercising specific cognitive abilities. It is focussing on the areas of language, learning, reasoning, and problem solving.

## Think about it!

There are over 1000 diseases and disorders of the brain and most **do not have a cure.**  
The Brain Foundation is a national charity raising funds for Australian research.

Please help us save your brain by donating or making a bequest
