

• **LETTERLINK**

Make 12 x 4-letter words by linking the letters from the grid below.

Follow the direction of the arrows to create the 4-letter words.

Each letter from the grid can only be used once.

This puzzle is great for exercising specific cognitive abilities. It is focussing on the areas of language, learning, reasoning, and problem solving.

A	B	B	H	J	L	O		S	T
---	---	---	---	---	---	---	--	---	---

**Think about it!**

There are over 1000 diseases and disorders of the brain and most **do not have a cure.** The Brain Foundation is a national charity raising funds for Australian research.

Please help us save your brain by donating or making a bequest
